# LEILA TEIXEIRA

## Front-end Developer

## PERSONAL PROFILE

I'm a passionate Front-end Developer dedicated to building visually appealing, responsive and user-friendly web applications. I'm always eager to grow, take on new challenges, and continuously sharpen my skills and expanding my knowledge.

## PROFESSIONAL EXPERIENCE

### FREELANCER

*Web Designer and Front-end Developer | 2023 - present*

## PROJECTS

### WEB PORTFOLIO

<https://coding-leila.netlify.app/>

- Designed and developed a modern and responsive web portfolio, to showcase front-end and design development skills.
- Focused on clean UI/UX, smooth animations, and intuitive navigation.

Tech Stack: React, HTML, CSS, TypeScript, Material UI, Git

### PLAY IT BETTER: SUMMER SCHOOL

<https://playitbetter.netlify.app/>

- Developed the layout and design following UX/UI best practices with Figma.
- Ensured clean communication across all pages and components.
- Included a complex form with EmailJS service incorporated.

Tech Stack: React, HTML, CSS, JavaScript, Material UI, EmailJS, Git

### EMPOWERED

<https://feel-empowered.netlify.app/>

- Designed and implemented the platform layout following UX/UI principles, including custom illustrations created in Adobe Illustrator.
- Developed core features such as an interactive quiz and a protected forum, ensuring smooth user flow and clear component communication.

Tech Stack: React, HTML, CSS, JavaScript, Node.js, Express.js, REST API, MongoDB, Git

## EDUCATION

### WEB DEVELOPMENT

*Ironhack School | 2023*

- 9-week intensive Web Development bootcamp.

Tech Stack: React, HTML, CSS, JavaScript, Node.js, Express.js, REST API, MongoDB, Git

### WEB DESIGN

*Lisbon School of Design | 2021 - 2022*

- 9-month Web Design course covering UX design, front-end and back-end development, and digital marketing integration.
