PROJECTS

PLAY IT BETTER: SUMMER SCHOOL

<https://playitbetter.netlify.app/>

Created a layout and design following UX/UI best practices with Figma for the English summer school web page. Ensured seamless navigation across all pages. Included a complex form that sends information via EmailJS service.

Tech Stack: HTML, CSS, JavaScript, Github

EMPOWERED

<https://feel-empowered.netlify.app/>

Designed a user-friendly online platform using Adobe Illustrator aimed at educating young people and adults about topics related to sexuality, health, and relationships. Built with React, the platform includes a quiz and for the authenticated users a forum, powered by an Express API connected to MongoDB. Everything has been successfully deployed on Netlify.

Tech Stack: HTML, CSS, JavaScript, React, Node.js, Express.js, REST API, MongoDB, Github and Netlify.

PAWSITIVE PETS

<https://pawsitive-pets.adaptable.app/>

Designed a simple online agenda, incorporating CRUD operations to handle user information for users and their pets. Utilized an Express API with access to MongoDB.

Tech Stack: HTML, CSS, JavaScript, React, Node.js, Express.js, REST API, MongoDB, Github and Netlify.
